Dear Chairwoman Cole and Ranking Member DeLauro:

I am requesting funding for the Westford PFAS Treatment Infrastructure Project in fiscal year 2025. The entity to receive funding for this project is the Town of Westford, located at 55 Main Street, Westford, MA 01886. The funding would be used to support the construction of new water treatment infrastructure to mitigate PFAS contaminants detected in the Town's drinking water supply. The project is an appropriate use of taxpayer funds because these infrastructure upgrades will ensure the public health and safety of the residents of Westford.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Lori Trahan".
